## CEILING – Acoustical, Metal & Wood

- ❖ **DECOUSTICS** [www.decoustics.com](http://www.decoustics.com)  
Acoustical **ceiling** panels, baffles, clouds with colored "CLARO" or metallic coatings, vinyl, fabric and wood finishes. "Ceilencio" downward access systems.
- ❖ **MBI PRODUCTS** [www.mbiproducts.com](http://www.mbiproducts.com)
- ❖ **GOLTERMAN & SABO** [www.golterman.com](http://www.golterman.com)
- ❖ **SIMPLEX** [www.simplexceilings.com](http://www.simplexceilings.com)
- ❖ **FRY-REGLET** [www.fryreglet.com](http://www.fryreglet.com)  
**Metal ceilings** and **walls** that are acoustical, decorative and curved. Also, cell and linear ceilings. Custom colors, textures, perforations and wire mesh finishes.
- ❖ **ARCHITECTURAL COMPONENTS GROUP** **'FSC Certified'** [www.acgiwood.com](http://www.acgiwood.com)  
**Wood acoustical** ceiling systems in grille, plank, cube, grooved and curved styles. Many perforation and grooved patterns in any wood species.
- RPG DIFFUSOR SYSTEMS, INC** [www.rpginc.com](http://www.rpginc.com)  
High performance acoustical **wood, GRG, resin, fabric panels** and **geometrical shapes**, clear acoustical absorbers and diffusers. Micro-perforated wood.
- ❖ **FORMGLAS** [www.formglas.com](http://www.formglas.com)
- ❖ **ABOVEVIEW/TILES INC.** [www.aboveview.com](http://www.aboveview.com)  
**GRG domes / coffers / clouds** in smooth, curved or flat, perforated, acoustical or textured surfaces in paintable, stone veneer or metal finishes. Traditional, coffered, contemporary and ornamental **gypsum lay-in** ceilings.
- NEWMAT** [www.newmatusa.com](http://www.newmatusa.com)
- CLIPSO** [www.clipso.com](http://www.clipso.com)  
**Acoustical ceilings & walls** in large monolithic **stretched** textiles in many colors & **graphic patterns**. Translucent ceilings. Excellent cost alternative to drywall ceilings. Sizes up to 16'8" x 16'4".
- ❖ **BASWAPHON** [www.baswaphonusa.com](http://www.baswaphonusa.com)  
Monolithic **Acoustical Plaster** for curved or flat ceilings and walls.

## WALL FINISHES & COLUMNS

- ❖ **FORMGLAS** [www.formglas.com](http://www.formglas.com)  
**Columns, lightcovers, moldings** and **veneer** panels in fiber reinforced gypsum, cement, QUARRYCAST molding stone and METALCAST and wood finishes.
- ❖ **FRY-REGLET** [www.fryreglet.com](http://www.fryreglet.com)  
**Wall Reveals**, shapes, vents & reglets for drywall & plaster.  
**Metal Columns**, acoustical wall panels, baffles and clouds.
- ❖ **GKD WIRE MESH** [www.gkdmetalfabrics.com](http://www.gkdmetalfabrics.com)
- CARRITEC** [www.carritec.com](http://www.carritec.com)  
**Metal fabrics** and **mesh** for interior and exterior architectural and design uses.
- ❖ **TRESPA** [www.trespa.com](http://www.trespa.com)
- ARPA** [www.arpausa.com](http://www.arpausa.com)  
**Solid core 'phenolic' panels** that are durable & maintenance free in metallic, wood, solid colors for interiors, wall cladding, partitions, casework, labtops and lockers. Unique **Italian designed laminates** and solid core "**color thru**" phenolic panels. **Multi-color** "compact" panels also, in any color combination.
- ❖ **MBI PRODUCTS** [www.mbiproducts.com](http://www.mbiproducts.com)
- ❖ **GOLTERMAN & SABO** [www.golterman.com](http://www.golterman.com)  
Economical **acoustical panels** in PVC, fabric or vinyl for any **walls**.

## ARCHITECTURAL FILMS, RESIN PANELS, GLASS

- 3M™ – DI-NOC™** [www.idsfinishes.com](http://www.idsfinishes.com)  
Architectural **films** in authentic looking **wood, metallics, venetian plaster, leather, etc.** for any existing or new surface, wall accents and elevator cabs.
- ❖ **LIGHTBLOCKS** [www.lightblocks.com](http://www.lightblocks.com)  
**Luminous** and inspiring colored resins with **RENEWABLE** matte finish for architecture and design in any thickness, any color, any opacity, any size and any resin.
- ❖ **NUVACOR** [www.nuvacor.com](http://www.nuvacor.com)  
Decorative **laminare** panels available in **metallic** and non-metallic solid colors, wood grains and stone textures with or without a self adhesive back.
- MOXIE SURFACES/DESIGN COMPOSITE** [www.design-composite.com](http://www.design-composite.com)  
Sandwich panels composed of **translucent** top & bottom sheets and a **transparent** honeycomb core for walls, floors or ceilings. Acoustical micro-perfed option.
- PULP STUDIO** [www.pulpstudio.com](http://www.pulpstudio.com)  
**DECORATIVE** glass thru interlayer's, textures, graphics, fabrics, organics for interior and exterior use. SwitchLite glass and hardware options.

## WALL SYSTEMS

- ❖ **ARCHITECTURAL COMPONENTS GROUP** [www.acgiwood.com](http://www.acgiwood.com)  
**'Concerto'** wood wall systems. Acoustical and adjustable. FSC certified.
- ❖ **WILSON PARTITIONS (Interior Office Fronts)** [www.wilsonpart.com](http://www.wilsonpart.com)  
Aluminum office fronts, **glazing, door frames** and sidelites. Up to 90 min. FR.
- ❖ **FRY INTEGRAL** [www.fryintegral.com](http://www.fryintegral.com)  
**Pre-engineered** wall system in wood, glass, laminate & metal finishes.  
**Acoustical Metal** wall systems and barriers, ceiling baffles and clouds.
- RPG DIFFUSOR SYSTEMS, INC** [www.rpginc.com](http://www.rpginc.com)  
High performance acoustical **wood, GRG, resin, fabric panels** and **geometrical shapes**, clear acoustical absorbers and diffusers. Micro-perforated wood.
- WPS (Wall Panel Systems)** [www.wallpanelsystems.net](http://www.wallpanelsystems.net)  
**Integrated** wall system including corners and reveals for **'Trespa'** panels.
- ❖ **SPEC-RITE DESIGNS** [www.specritedesigns.com](http://www.specritedesigns.com)
- PROSPEC** [www.prospec.us.com](http://www.prospec.us.com)  
Lockers, cabinets, Durable Designs® furniture, and partitions in **PHENOLIC material**. Restroom partitions with panels made of **glass, Phenolic, plastic, millwork** or **solid surface** with European style hardware.

## SOLAR CONTROL & DAYLIGHTING

- ❖ **JOHNSON SCREENS** [www.johnsonscreens.com](http://www.johnsonscreens.com)  
**Exterior louvers, screens** and Brise Soleil systems in metal, glass, and wood.
- ❖ **SOLATUBE** [www.solatube.com](http://www.solatube.com)  
**Daylighting** through roof mounted high performance tubular products.

## EXTERIOR FACADES, CLADDING, TRIM, COLUMNS

- ❖ **TRESPA** [www.trespa.com](http://www.trespa.com)  
**Rainscreen facade cladding systems**, soffits, accents and surrounds in solid **PHENOLIC** core panels in color, metallic, textured, gloss or wood finishes.
- ❖ **ARGETON** [www.tellingarchitectural.com](http://www.tellingarchitectural.com)  
**Rainscreen facade cladding** with aluminum support systems for **Terra Cotta, limestone, brick** and **cementitious** panels in many finishes and modules. Includes 'out' insulation options. Sophisticated look at medium price.
- ❖ **FORMGLAS** [www.formglas.com](http://www.formglas.com)
- ARC** [www.arcgfr.com](http://www.arcgfr.com)  
Fiberglass reinforced **cement** and **FRP** corniches, columns, panels and designs.
- ❖ **GKD WIRE MESH** [www.gkdmetalfabrics.com](http://www.gkdmetalfabrics.com)
- ❖ **JOHNSON SCREENS** [www.johnsonscreens.com](http://www.johnsonscreens.com)
- ITALFIM** [www.archexplorer.com](http://www.archexplorer.com)  
**Stainless steel** wire, rod & cable panels for screening, security, sun control and lighttowers. **"EXPANDED"** metal designs in aluminum.  
**LED Mediamesh** with high resolution advertising and display opportunities.
- ❖ **ACCELERATED BUILDING TECHNOLOGIES – 'Accel - E'** [www.accbt.com](http://www.accbt.com)  
**Back-up wall** 'system' with continuous 'out' insulation on metal stud framing.
- THERMOCROMEX** [www.thermocromex.com](http://www.thermocromex.com)  
**ONE COAT** exterior **limestone** finish – 'superior' to EIFS & stucco. No control joints req'd.
- AMERICAN FIBER CEMENT CORPORATION** [www.fibercementproducts.com](http://www.fibercementproducts.com)  
Rainscreen systems and facade panels in **fiber cement** with **thru-color** options. Natural **'organic'** look at low price.
- STONESHEETS** [www.stonesheets.com](http://www.stonesheets.com)  
Granite, Marble, Travertine, Alabaster, Limestone, Onyx, etc. on **honeycomb core** for reduced weight, greater strength, and savings on material and labor.
- ARCHITECTURAL TRIM PRODUCTS** [www.arch-trim.com](http://www.arch-trim.com)  
Provides highly innovative **Maintenance Free** exterior **Facade** and **Trim** solutions to all sectors of the building industry, in **pre-finished aluminum**.
